

# SATHIYA PRIYAN K

Web Developer

## About Me

I am a motivated Web Developer with a strong passion for creating user-friendly and innovative websites. With a solid foundation in HTML, CSS, and JavaScript, I excel in developing responsive web solutions. I translate client requirements into visually appealing designs. I stay updated with the latest industry trends and actively engage in continuous learning. I am seeking a challenging position to contribute my technical skills and creative mindset to drive success.

## EXPERIENCE

### Associate System Engineer, Tata Consultancy Services, Chennai (2021-2023)

- Collaborated with a team of developers to design and develop web applications
- Implemented responsive designs and optimized web pages for performance
- Participated in code reviews and provided constructive feedback
- Assisted in troubleshooting and debugging web application issues
- Worked closely with clients to understand project requirements and deliver solutions that meet their needs
- Contributed to the development of internal tools and frameworks to improve team productivity

## PROJECTS

### Responsive Travel Website:

Developed a fully responsive website for a travel agency, ensuring optimal user experience across devices

Implemented interactive features, such as image sliders and booking forms, using JavaScript and CSS

Collaborated with designers to bring their vision to life and create visually appealing web pages

### Gym Website:

Designed and developed a website for a local gym, incorporating a modern and dynamic design

Integrated membership registration and scheduling features to streamline the gym's operations

Implemented SEO best practices to improve the website's visibility in search engine rankings

### Landing Pages:

Created several landing pages for marketing campaigns, optimized for lead generation and conversion

Utilized HTML, CSS, and JavaScript to build engaging and visually appealing landing pages

Conducted A/B testing to optimize page performance and increase conversion rates
